Premium Marine & Seafood Products

- **Core Legacy Seafood:** Sourcing high-quality fish and shellfish globally. The food division traces its heritage back to their famous "Kasuzuke Cod" (sake-lees pickled cod), which was celebrated historically as one of Tokyo's top three souvenirs for its exceptional quality and flavor.
- **Flash-Frozen Shellfish & Crustaceans:** Specializing in processing raw or par-cooked seafood at peak freshness.
- **Featured Product — Frozen Boiled Clams (あさり):** Sourced from premium aquaculture beds, meticulously sand-purged while live, and flash-frozen immediately after boiling to capture natural sweetness and plump texture for convenient commercial and retail use.

Slide 6: Market Advantage & Certifications

- **Unbroken Cold Chain Integration:** Unlike standalone food traders, GOREI's primary competitive edge is its **wholly-owned network of 11 logistics centers**. This guarantees absolute temperature control (ranging from ultra-low frozen to chilled) from global origin points to destination kitchens.
- **Sustainability & Eco-Advantage:** A forward-thinking industry leader that heavily invests in **energy-saving natural refrigerant systems** across its major distribution centers to minimize its carbon footprint.
- **Rigorous Quality Certifications & Standards:**
 - **ASC (Aquaculture Stewardship Council) Certification:** Awarded for their responsibly farmed water products (such as their premium clams), validating strict adherence to environmental and social sustainability standards.
 - **Digital Quality Traceability:** Uses robust cloud-based product specification management systems to ensure flawless food safety documentation and chemical/microbiological compliance for total consumer peace of mind.
